Civic Enterprise

Challenges 52 Weeks Each Year

Civic Enterprise .. like *Free Enterprise* .. is important business 52 weeks in the year. Community progress comes only with constant effort. Business men and the public must work together as a team to see that their home community prospers.

PREACHERS do not just preach one sermon a year. Everyone is against sin, but the church must keep in there fighting sin every day, every week.

TRAFFIC OFFERS must keep at the job of promoting safety. Everyone knows that it is important to drive carefully, but that does not mean that the traffic patrols can let down. The Highways must be made safe by constant effort, every hour, to save lives and property.

TEACHERS have to do more than just tell a pupil *ONCE* and depend upon that one telling to last forever. The lessons must be repeated, emphasized and reviewed. Constant drilling and study make true the old saying, "There is no royal road" to an education.

STREET LIGHTS must go on every night. Traffic signs can't be up today and down tomorrow. Things like Electric Power, Water Pressure, Fire Protection, Mail Service, Train Schedules . . all these and many more . . must be at your beck and call *all* the time. No community could stand it in this mordern age, if electric power was on only every other hour! Our modern *Enterprise System* demands that certain things be available ALL the time.

All these statements add up to one big fact: A growing Town must be ever and enternally promoting Civic Enterprise .. reminding the public of what it has to offer, and inviting business. A live liated on this page is ready, day after day, week after week, month after month, to render you the service in which it specializes. Look over this list. you will find the type of service you need. We are your neighbors, working together to promote civic enterprise in "a growing town." Next Time, Every Time, *Try Appomattox First!*

We know of a famous cathedral which has stood for six centuries .. but they still ring the bell everyday to remind people that it is still there! So, we remind our farmer friends, newcomers to our community, and our old customers, too, we remind one and all, that we stand ready to serve you and want your business!
